Ultra Shield

- High-brightness outdoor LED display
- Ultra protective shield (impact & weather resistant)
- IP-rated dust & water protection
- Anti-glare, UV-resistant surface
- Wide viewing angle

Ultra Edge

- Ultra-slim edge LED/display design
- High-brightness output for clear visibility
- Seamless panel integration (edge-to-edge finish)
- Lightweight aluminium cabinet
- Anti-glare surface with enhanced contrast
- Energy-efficient performance

Ultra Aura

- High-definition display with vibrant color output
- High brightness (approx. 300–350 nits class)
- Full HD resolution support (1080p class)
- Wide viewing angle for clear visibility
- Slim & premium design finish
- Anti-glare display surface

Ultra COBflex

- Advanced COB (Chip-on-Board) flexible LED technology
- Ultra-flexible panel design (curved & creative installations)
- Seamless, dot-less display surface
- High brightness with low power consumption
- Wide viewing angle (~160°)

Ultra Airview

- Ultra-bright display for clear daylight visibility
- Anti-glare & high-contrast screen surface
- Wide viewing angle for maximum audience reach
- Weather-resistant design for outdoor usage
- Energy-efficient LED technology

Ultra Blaze

- High-brightness outdoor LED display
- Ultra protective shield (impact & weather resistant)
- IP-rated dust & water protection
- Anti-glare, UV-resistant surface
- Wide viewing angle

Ultra Glaze

- Ultra-slim edge LED/display design
- High-brightness output for clear visibility
- Seamless panel integration (edge-to-edge finish)
- Lightweight aluminium cabinet
- Anti-glare surface with enhanced contrast
- Energy-efficient performance

Ultra Field

- High-definition display with vibrant color output
- High brightness (approx. 300–350 nits class)
- Full HD resolution support (1080p class)
- Wide viewing angle for clear visibility
- Slim & premium design finish
- Anti-glare display surface

Interactive LED Displays

Ultra Engage

- Interactive display with touch-enabled functionality
- High-resolution screen with vibrant visuals
- Built-in smart content & engagement features
- Real-time data display & content updates
- Wide viewing angle for better visibility
